REQUEST FOR A CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323

Sir:

In the matter of U.S. Patent No. 6,794,196 B2 issued September 21, 2004, a check of same against the files of the attorney of record indicates that the errors described in the attached Form PTO/SB/44 were made by the Applicants inadvertently and in good faith.

More specifically, the following error made by the Applicants is of a clerical nature:

In Col. 1, line 15, "F33615-98-1-5166" should read -- F33615-98-1-5164 --

REMARKS

Under 35 U.S.C. 255, whenever a mistake of a clerical or typographical nature, or of minor character, which was not the fault of the Office, appears in a patent and a showing has been made that such mistake occurred in good faith, the Director may, upon payment of the required fee, issue a certificate of correction, if the correction does not involve such changes in the patent as would constitute new matter or would require examination.

In the originally-filed application, Applicants inadvertently made a typographical error in identifying the government support grant number of the priority application. This error was unintentional and made in good faith. Furthermore, it is clear that the correction does not amount to a change in the patent that would constitute new matter or would require a search or re-examination.

The Director of Patents and Trademarks is authorized to charge the fee of \$100.00 as required under 37 CFR 1.20(a), and any additional fees, or to credit any overpayments, to Deposit Account No. 03-2410 (Order No. 30626-101).

Dated: November 19, 2007

Respectfully submitted,
Stephen J. Fonash et al., Applicants
